Who We Are

We are an Indianapolis based branding boutique and web shop built to provide small and mid-sized businesses with top-notch creative services. Every plan, page and pixel will be expertly crafted to reflect your brand's story. There are plenty of good designers out there, but you shouldn't settle for just good. It takes a special kind of company to help you inform and inspire your audience. We are that company.

Who We Work With

Motivated, open-minded and passionate entities and folks. We have the skills to help you bring your vision to life, but you have to be ready. Does that mean you need to know every brand trait, positioning statement and competitive advantage? Absolutely not, that stuff is our job. But you do need to be prepared for us to jump inside your head so that we can get to know every facet of you and your business.

Experience

With more than ten years of experience serving clients all over the world, we understand that standing out in a saturated marketplace means more than making a brand look good.

Approach

We firmly believe in the benefits of a collaborative creative process. No one knows your business better than you and it is our job to work with you to build your brand into something you are truly proud of.

CLIENT	PROJECT	DATE
JEZROC METALWORKS	SQUARESPACE E-COMMERCE IMPLEMENTATION	08.03.20

This project will be constrained in scope to be an implemnetation of the Squarespace E-Commerce functionality on framework of the existing website.

service

estimated fees

Website Implementation

Digital Strategy	\$100
Art Direction and Design	\$800
Development (including responsive design)	\$1200

TOTAL: \$2100

Discovery

We will work through a creative brief and inspiration sessions with you to ensure we are all working on solving the same problem: making sure your brand and web presence will match the service you provide.

Website Implementation

Once a visual approach is finalized, we will carry that through an entire website design and build along with creating any other assets (digital, social, and/or print) as requested. Pricing for materials outside of the website will vary based on selections made.

Our Pricing Structure

We prefer to value bill for the project holistically as opposed to an hourly rate. This ensures we have the flexibility and ability to work with you every step along the way to find the perfect solution specific to your problem.

TERMS & CONDITIONS

(Adapted from the AIGA Standard Form of Agreement)

Services

The Designer agrees to provide all the services outlined in the attached estimate/proposal within the criteria specified. If, however, the client changes any of the criteria during the project requiring additional services, a revision fee will be charged.

Additional services will include, but are not limited to, changes in the extent of work, changes in schedule, changes in the complexity of any elements of the project, and any changes made after client approval has been given for a specific stage of the project according to the agreed-upon schedule.

The Designer will keep the Client informed of additional services that are required and obtain the Client's approval for any services that cause the total fees to exceed those outlined in the attached estimate/proposal.

Schedules/Overtime/Rush Work

The Designer reserves the right to adjust the schedule and/or charge additionally in the event that the Client fails to meet the agreed-upon deadlines for delivery of information, materials, approvals, payments, and for changes and additions to the services outlined in the estimate/proposal.

Client Approval

The Client will approve and proofread all final designs and type before the production of final deliverables. The Client's approval of all tangible materials and artwork will be assumed after the work has been submitted to the client for review, unless the client indicates otherwise in writing.

Payment Schedule

Upon approval of this document, the Client will make all payment installments, as scheduled and outlined in our estimate/proposal. The Client will pay interest on all overdue amounts not exceeding the maximum amount allowed by law.

Electronic Files

If the Client has requirements for how the project is to be prepared electronically, the Client must communicate this to the Designer before the project begins.

Electronic files and software documents related to the Client's project are the property of the Designer and must not be copied, altered, or modified without the written permission of the Designer.

Third-Party Contracts

The Designer may contract with other individuals or companies acting on behalf of the Client to provide additional services such as writing, photography, illustration, printing, and fabrication. The Client agrees to be bound by any terms and conditions, including required credits and usage rights, with respect to reproduction of the materials that may be imposed on the Designer by these third parties.

Rights/Ownership

All tangible materials in all circumstances remain the property of the Designer. All rights and ownership apply to preliminary concepts, works in progress, and finished material, whether the project is completed or canceled. Upon payment of all fees and expenses, the Designer will grant all reproduction and/or usage rights, as outlined in the attached estimate/proposal, for all approved final materials created by the Designer for this project. Designer retains rights to all rejected concepts and mock ups.

Reimbursable Expenses

Any budget figures or estimates for reimbursable expenses or implementation charges, such as out-of-pocket expenses, typesetting, printing, fabrication, or installation, are for planning purposes only. The Designer will use his or her best efforts to work within stated budgets but will not be liable if these expenses exceed budgets. When possible, no expenses in excess of the budget will be incurred without the Client's written or initialed approval in advance.

The Client will reimburse the Designer for all out-of-pocket expenses incurred by the Designer on this project. These expenses are listed in the attached estimate/proposal and will be billed at cost plus any surcharge indicated in the attached estimate/proposal for account handling and supervision. Upon the Client's request at the start of the project, records for out-of-pocket expenses will be retained by the Designer and will be made available to the Client upon completion of the project.

Samples

The Client will provide the Designer with samples of each printed or manufactured design. These samples will represent the highest quality of work produced.

Cancellation

In the event of cancellation of this assignment by the client, Second Street Creative will retain the deposit as a cancellation fee.

Miscellaneous

This document and the attached estimate/proposal represent the entire agreement between the Client and the Designer and may be changed or modified only in writing and with the approval of both parties. The Client and the Designer represent that they have full power and authority to enter into this agreement and that it is binding upon the Client and Designer and enforceable in accordance with its terms.

This Agreement will be governed by the law of the state in which the Designer's principal place of business is located. The signature of both parties on the previous page shall evidence acceptance of these terms.
